Muhammad Ali Ejaz Bhatti

has successfully completed the online Specialization

C# 12 and .NET 8 Cross-Platform Development Fundamentals

Congratulations on successfully completing the C# 12 and .NET 8 - Modern Cross-Platform Development Fundamentals specialization. You demonstrated proficiency in C# 12 and .NET 8 by implementing core programming concepts, applying advanced techniques, and building web applications using ASP.NET Core and Blazor. You developed the ability to design and maintain scalable, cross-platform solutions that meet modern development standards.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
