MUHAMMAD ALI EJAZ

Full Stack Web Developer with experience building scalable web applications using NestJS, Node.js, React.js, Next.js, TypeScript, PostgreSQL, and Prisma ORM. Skilled in developing REST APIs, responsive user interfaces, and secure backend systems using JWT Authentication. Passionate about writing clean, maintainable code, solving real-world problems, and continuously learning modern web technologies.

Work Experience

Freelance Full Stack Web Developer, Upwork

Lahore

09/2025 – 06/2026

- Developed responsive full-stack web applications using React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), and TypeScript.
- Built scalable backend services and RESTful APIs using NestJS and Node.js.
- Designed and integrated PostgreSQL databases using Prisma ORM for secure and efficient data management.
- Implemented JWT Authentication and role-based access control while optimizing application performance.
- Collaborated with clients to deliver high-quality solutions on time, following clean coding and best development practices.

Freelance Full Stack Web Developer, Fiverr

Lahore

09/2025 – 06/2026

- Designed and developed custom full-stack web applications tailored to diverse client requirements.
- Built interactive and responsive user interfaces using React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), and TypeScript.
- Developed backend APIs, integrated third-party services, and managed business logic using NestJS and Node.js.
- Managed PostgreSQL databases with Prisma ORM, ensuring secure, reliable, and optimized application performance.
- Maintained effective client communication, incorporated feedback, and delivered scalable, well-documented projects on schedule.
