Muhammad Ali Ejaz Bhatti

has successfully completed the online Specialization

Svelte 5 & SvelteKit For Hands-On Modern Web Development

Congratulations on completing Svelte 5 & SvelteKit For Hands-On Modern Web Development! You've gained hands-on experience in building responsive and scalable web applications using the latest features in Svelte 5 and SvelteKit. From mastering reactive state and templating to integrating APIs, Stripe, and deploying to Vercel, you've built real-world projects that demonstrate your full-stack capabilities. With advanced skills in component design, data fetching, and user authentication, you are now equipped to confidently tackle modern web development challenges.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
