Foundations of Node.js Development

Building Robust Node.js Applications

Node.js in Action: Real-World Development

Oct 23, 2026

Packt

Muhammad Ali Ejaz Bhatti

has successfully completed the online Specialization

Mastering Node.js Web Development

Congratulations on completing the Mastering Node.js Web Development specialization. Learners have developed a comprehensive understanding of Node.js, from foundational concepts to advanced application development. They applied their skills by building robust web applications, working with databases, and creating RESTful services. By completing a fully deployable SportsStore project, learners demonstrated the ability to integrate dynamic, secure features and deploy full-stack applications using Node.js in real-world scenarios.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
